Mark 6:1-6

Jesus left that place and came to his hometown, and his disciples followed him. On the sabbath he began to teach in the synagogue, and many who heard him were astounded. They said, "Where did this man get all this? What is this wisdom that has been given to him? What deeds of power are being done by his hands! Is not this the carpenter, the son of Mary and brother of James and Joses and Judas and Simon, and are not his sisters here with us?" And they took offence at him. Then Jesus said to them, "Prophets are not without honour, except in their hometown, and among their own kin, and in their own house." And he could do no deed of power there, except that he laid his hands on a few sick people and cured them. And he was amazed at their unbelief. Then he went about among the villages teaching.

WHAT HAVE WE BEEN LEARNING?

This week, Reception have enjoyed using the balance scales to find objects that are heavier or lighter. We were good at estimating first then testing our prediction.

We love hands on activities. We were so excited to plan and carry out our own Teddy Bears' Picnic. We have written lists in English so we are prepared. We will be sad to see Mrs Edwards go off to have her baby but are super excited as we know she will pop in so that we can have cuddles with her baby boy or girl when we are in Year 1. In our continuous provision, craft area and space role play, we have been using our imagination and have loved using the huge cardboard boxes that we were given.

STAR OF THE WEEK

This week's star is..Cameron for amazing work in Phonics

WHAT HAVE WE BEEN LEARNING?

This week, we have been working very hard at home! In maths, we learnt about measuring length using a ruler and also solving measuring problems. We have been reading a super story about Sidney the spider and we answered questions about the story. In science, we explored and sorted animals by what they eat and we labelled different parts of our bodies. We have also enjoyed playing games on our video calls including bingo, spot the difference and scavenger hunts. Next week, we will be finding out who is our new teacher for Year 2 and we will spend a morning in our new classroom!

STAR OF THE WEEK

This week's star is...Jake for brilliant work all week during home learning!

WHAT HAVE WE BEEN LEARNING?

This week in Year 2 we have been learning lots of new things.

In RE, we have been thinking about some of our favourite memories from Year 2 that we treasure, we thought about things such as, visiting George Harrison's home, Christmas jumper day and Superhero day.

We have been designing our own hand puppets, we learnt how to thread a needle and stitch the parts together. We really enjoyed learning these new skills.

In maths, we have been learning about fractions, we have written sentences using the words 'whole' and 'part'.

We are looking forward to our last two weeks in Year 2!

STAR OF THE WEEK

This week's star is...Jacob for having a positive attitude to learning all week

WHAT HAVE WE BEEN LEARNING?

Year three has had a great time this week. We have loved looking at the wonders of our world in English. We were able to use our language to develop descriptive phrases using images of these. Once we finished, we created an amazing class poem that celebrated our wonderful language. In maths, we have been using a range of mathematical models and manipulatives to develop our understanding of fractions. We all loved taking part in fraction bingo! We had some very close winners. We are looking forward to our school trip to Formby - what an amazing day out it will be! We can't wait for our red squirrel and nature hunt, our forest and beach trail and some fun in the sand!

STAR OF THE WEEK

This week's star is...Joseph
for working so hard in English
and maths

WHAT HAVE WE BEEN LEARNING?

In English, Year 4 have finished their persuasive writing for a holiday brochure. We have begun planning our independent writing for this topic and the whole class is excited to complete their work and show the class. We have also completed reading and spellings tests this week. In maths, we have continued to learn about time. We have been converting 12-hour clocks to 24-hour clocks. We have also been working really hard through two maths tests and a times-tables test at the beginning of the week. I'm very proud of how the Year 4's faced such a difficult challenge. In our project lessons, we have been listening, appraising, and playing instruments to ABBA's 'Mama Mia'. We have been having an amazing time playing music again, and for our music to involve ABBA is just an added bonus!

STAR OF THE WEEK

This week's star is... Grace - For consistently staying focused and working hard

WHAT HAVE WE BEEN LEARNING?

This week in maths, we have converted units of measure, from mm to cm, cm to M. We have also looked at converting ml to L and g to Kg. In English, we have completed our story 'The Gorilla' and now we are planning our independent writing to be completed next week. In our project lesson, we have created pieces of art, which next week, we will paint and find out who are new teacher will be in September!

STAR OF THE WEEK

This week's star is... Leah, who continues to show a wonderful attitude towards her learning, especially her efforts in improving her English writing!

**WHAT HAVE WE
BEEN LEARNING?**

Year 6 completed their unit of work on geometry this week. The children worked hard on identifying and drawing the nets of 3D shapes. Also this week, Year 6 have been learning about evolution. We began the week by thinking about inheritance and then moved on to looking at adaptation. Later in the week, the children worked in pairs to produce a presentation about Charles Darwin and how he developed the theory of evolution. Year 6 are really looking forward to taking part in lots of exciting activities next week as part of their end of primary school celebrations!

STAR OF THE WEEK

This week's star is... Ethan for working hard in science lessons!

This is awarded for going over and above by demonstrating superb friendship qualities.

Year 3 and 4 Trip to Formby

Year 3 and Year 4 had a fantastic time on their visit to Formby Beach! We took part in a nature trail through the woods, where we sketched the beautiful landscape from the top of a sand dune, discovered some beautiful plants and even a statue of an asparagus farmer scattered through our walk. We took some time out to have lunch in the picnic area and we found a den made from sticks. On our return, we played football and tag on the beach and ran up and down tall sand dunes! The children and staff had an amazing time, and we were so grateful to enjoy a class trip this year in terrific weather!
