# This Week's Gospel Message

**‘Jesus showed himself again to the disciples. It was by the Sea of Tiberias, and it happened like this: Simon Peter, Thomas called the Twin, Nathanael from Cana in Galilee, the sons of Zebedee and two more of his disciples were together. Simon Peter said, ‘I’m going fishing.’ They replied, ‘We’ll come with you.’ They went out and got into the boat but caught nothing that night. It was light by now and there stood Jesus on the shore, though the disciples did not realise that it was Jesus. Jesus called out, ‘Have you caught anything, friends?’ And when they answered, ‘No’, he said, ‘Throw the net out to starboard and you’ll find something.’ So they dropped the net, and there were so many fish that they could not haul it in. The disciple Jesus loved said to Peter, ‘It is the Lord.’ At these words ‘It is the Lord’, Simon Peter, who had practically nothing on, wrapped his cloak round him and jumped into the water.**

## WHAT HAVE WE BEEN LEARNING?

The children were delighted when they arrived in school this week to find that our 'Insect Lore' caterpillars had arrived. They have been watching them very carefully all day every day. They were surprised to see how much they have grown already. The children love to watch them move and eat. Do you know what the next stage will be? Then on top of that fantastic start to the week the children also got to go on a school trip to 'Imagine That! Science and Discovery Centre. The children were so excited all day and never stopped from the moment they arrived. There was so much to do, learn and discover. It started with making slime. Then lots of role play, dressing up and hands on activities. After that, the children painted their own magnets. Finally, they made snow and danced under a snow machine. The following day the children wrote all about their trip using fantastic sentences.

**THIS WEEK'S SUPER**

for following the Good Help Way  
on our school trip.

# Year 1

## WHAT HAVE WE BEEN LEARNING?

We have had another busy week in year one! We all had such a brilliant time on our trip at Imagine That. The activity village was very fun and we loved dressing up in different costumes. We also made slime, snow and fridge magnets! In history, we learnt about the Wright brothers and the first aeroplane flight, we created a fact file about this event. In maths, we have worked hard to count to 50 and find missing numbers on a number track. In RE, we made a stained glass window using symbols of the Holy Spirit. Next week, we will be planting seeds and watching them grow.

**THIS WEEK'S SUPER**

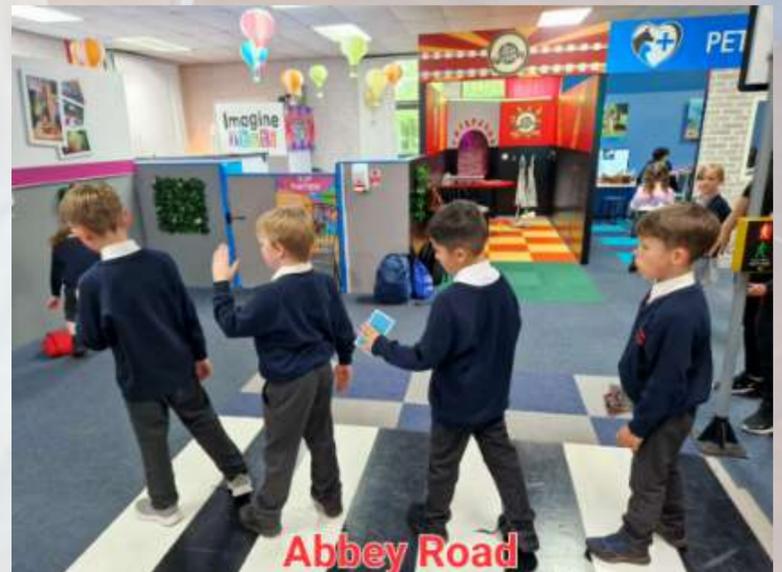

for brilliant counting work  
in maths!

# Year 2

## WHAT HAVE WE BEEN LEARNING?

What an exciting week we have had in Year 2! In maths, we have been learning to draw some 2D shapes with accuracy and learning about the properties of 3D shapes. In DT, we have been designing our own hand puppets with Miss Williams, we have enjoyed learning about where puppets originally came from. The best thing about this week was our visit to Imagine That. Firstly, we went to the Slime Factory, where we made our own gooey, green slime, watched an angry volcano erupt and held a bubble in our hand made of dry-ice. Then we went to the Activity role-play village, This was great, we could be a vet, a postman, work in a supermarket or a salon, even be a news reporter. Some of us reenacted the famous Beatles 'Abbey Road' picture. After lunch, we painted our own magnets and had fun in the Art Beatz room. Before heading back to school, we became Scientists, making our own snow, investigating electricity and finding out about shadows in the dark room. It really was the best day out!

**THIS WEEK'S SUPER**  
for being a kind friend.

# Year 3

## WHAT HAVE WE BEEN LEARNING?

Year 3 have had a really good week ! In RE, we have loved learning about the power of the Holy Spirit. We created wands that showed the power of the wind and tested them outside. In maths, we have become very good at solving problems linked to using money. We have enjoyed role playing buy and selling items. A good effort has been made by all to learn the 8 times table and related division facts. In English, we have created some excellent sentences that are building up to create our own version of Theseus and the Minotaur. We have been great at recalling all the grammar that linked to these sentences. We have loved the start of our new topic on volcanoes in geography. We found out such interesting facts about what makes up the earth.

## THIS WEEK'S SUPER

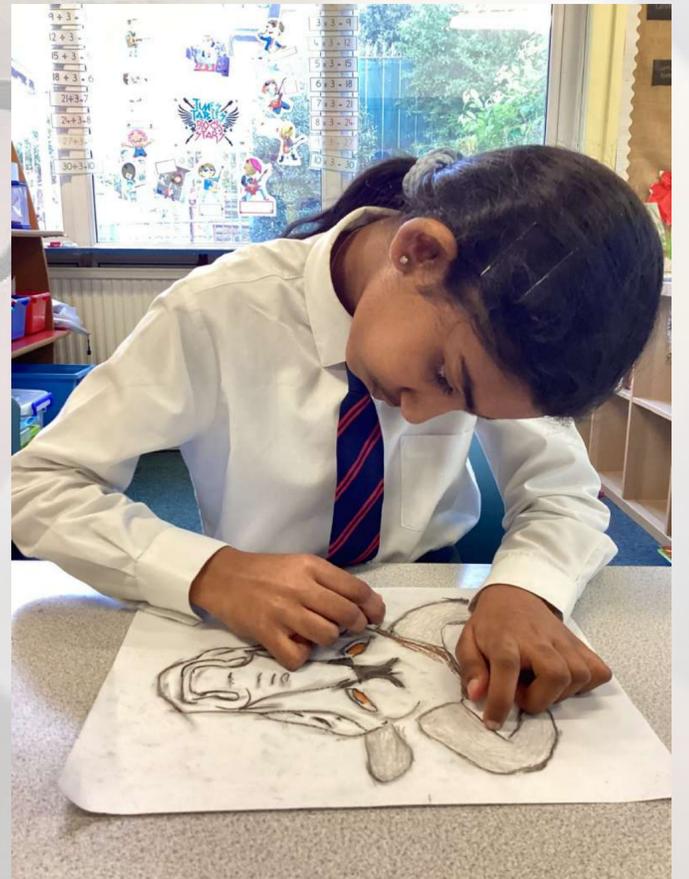

for working so hard this week on her writing. She has also been such a good listener in class.

# Year 4

## WHAT HAVE WE BEEN LEARNING?

Year 4 has been working incredibly hard this week! They had a superb experience day in English for Theseus and the Minotaur and have built up some great sentences. In maths, they have been practising their arithmetic skills and their mental recall of time table facts. In geography, they have begun learning about volcanoes which they will absolutely love! Year 4 have even been doing PE with Year 5 and competing in games of quik cricket. Well done for a great week!

**THIS WEEK'S SUPER**

for putting 100% effort into everything he does.

# Year 5

## WHAT HAVE WE BEEN LEARNING?

This week in Year 5, we have had another fantastic week. The children have worked really hard and I am really proud of all of their efforts. In our maths lessons, we have continued to work on our decimals, fractions and percentages working on their equivalencies as well as building on our arithmetic skills. In our English lessons, we have continued to work on our grammar skills as well as our persuasive letter. As a class, we have used adverbials, rhetorical questions and clauses. In science, we have discussed the life cycle of mammals and the life cycle of birds. In our history lesson we have continued our work on ancient Greece and have created a autobiography on Alexander the Great.

**THIS WEEK'S SUPER**

for working incredibly hard in our maths and English lessons and this has shown in his fantastic work!

# Year 6

## WHAT HAVE WE BEEN LEARNING?

Year 6 have been working so hard this week in preparation for their tests next week. They have worked incredibly hard this whole year. We are extremely proud of the progress they have made and how fantastic their attitude to learning has been. Well done Year 6!

**THIS WEEK'S SUPER**

for her incredible application and attitude to learning. Excellent.

# Whole School Attendance

This week's token winners are:  
**Year 5 - 75 tokens**

Whole School Weekly Attendance:  
**96.1!!**  
Huge Improvement - well done!
