

Our Lady of Good Help Catholic Primary School

WEEKLY NEWSLETTER

6TH - 10TH JUNE 2022

Like Our Lady, we live wisely, think deeply and love generously, in Christ

This Week's Gospel Message

Jesus said to his disciples:

'You have learnt how it was said to our ancestors: You must not break your oath, but must fulfil your oaths to the Lord.

But I say this to you: do not swear at all, either by heaven, since that is God's throne; or by the earth, since that is his footstool; or by Jerusalem, since that is the city of the great king. Do not swear by your own head either, since you cannot turn a single hair white or black.

All you need say is "Yes" if you mean yes, "No" if you mean no; anything more than this comes from the evil one.'

Matthew 5:33-37

RECEPTION

WHAT HAVE WE BEEN LEARNING?

This week, the children have been maths superstars. They have been halving numbers. They demonstrated their knowledge through practical activities. They were also able to link this to their work on doubling before half term. In English, they have been doing fantastic writing using their phonics knowledge. They used their 'Fred Fingers' to help them spell words in sentences. The children were eager to talk about being a good friend and saying sorry if you do something wrong in our new RE topic this week. They were so excited to see that the caterpillars are now beautiful butterflies.

THIS WEEK'S SUPER

for her fantastic responses to questions
in class.

Year 1

WHAT HAVE WE BEEN LEARNING?

We have had a great start to our last half term in year one! This week, we have been busy measuring length in our maths lessons - we enjoyed comparing measurements to find out which items were longer and shorter. We started a new topic about the weather in our geography lessons; we watched a weather report and learnt about weather symbols. In RE, we recognised the story of the encounter of Jesus with Zacchaeus and we created a storyboard to show this. During our phonics lessons, we have learnt some new sounds and practised reading our storybooks with more fluency.

THIS WEEK'S SUPER

for excellent measuring work in
maths!

Year 2

WHAT HAVE WE BEEN LEARNING?

A busy first week back after half-term in Year 2! We have been learning to tell the time in maths and working out the duration of different activities that we do. In our Collective Worship this week, we have been reflecting on Pentecost and thinking about the fruits that God gave to us like patience, self-control, gratitude and peace. We thought about how we can share these with others in our lives. For our new history topic, we have started learning about the Stone Age. We found out that, in years gone by, our ancestors could cross from Great Britain to Europe across a land-bridge called Dofferland.

THIS WEEK'S SUPER

for a wonderful attitude to learning and a very good understanding of new grammar skills.

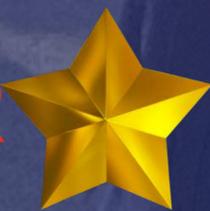

Year 3

WHAT HAVE WE BEEN LEARNING?

Year 3 have had another great week. During collective worship, we have been reflecting on the Holy Spirit. We have prayed that we receive the Holy Spirit, showing it in all that we do. In English, we have loved exploring the power of language. We have started our new topic where we are looking at writing holiday brochures. In maths, we have been developing our understanding of length by looking at different units of measurement. In geography, we have found out all about Mount Etna and how its eruptions have had an impact on humans and the land. During PE, we developed our throwing skills and utilised them in a team game.

THIS WEEK'S SUPER

for being such a super listener during our class reading sessions. She has shown such enthusiasm. Well done!

Year 4

WHAT HAVE WE BEEN LEARNING?

During maths, we have been comparing and ordering numbers with decimal points, as well as rounding numbers with decimal points. During English, we have started a holiday brochure and exploring Skarabre Bray. In geography we have begun learning about climates and biomes across the globe. In history, begun combining both previous topics of Persia and Greece by studying Alexander the Great. I've been so impressed with the children's progress in TTRockstars. Keep up the progress and next week we can do our Multiplication Tables Check with confidence.

THIS WEEK'S SUPER

for working so hard in all subjects and playing so well with his friends.

Year 5

WHAT HAVE WE BEEN LEARNING?

On our first week back, we have started as we mean to go on. There has been some absolutely outstanding pieces of work produced. The children should be really proud of themselves. In our maths lessons, we have continue to work on our arithmetic skills. During our lessons, we have produced parallel and perpendicular lines. We have also worked on units of measure and converting them. In our English lessons, we have continued to build on our grammar skills as well as finish our lessons on our narrative 'The Present'. The children are now ready to produce their own wonderful piece of independent writing. During history, we began our work on the Roman Empire. In science, we are looking at changes in the human body. While in RE this week, we discussed and created a diary entry on Moses as he walked through the desert.

THIS WEEK'S SUPER

for being outstanding this week: working really hard, especially during our maths and English lessons to produce some wonderful pieces of work.

Year 6

WHAT HAVE WE BEEN LEARNING?

Well, what a first week back this term! In English, we have written Chapter 1 to our 'Murder Mystery' called The Invitation! In maths, we have worked in teams in order to plan a music festival using a costing sheet. During RE, we have analysed the gifts of the Holy Spirit and created a 'Role on the Wall' about how the apostles felt during this time. In history, we have learnt about the significance of the Maya inventions and how they influence modern society. Finally, in other news, we are working towards our end of year production called The Wiz! This is going to engage the children across a cross-curricular approach. This week, the script was introduced, auditions undertaken and already rehearsed the performance in the hall. A very enjoyable first week back - well done Year 6.

THIS WEEK'S SUPER

for acting upon advice and working hard all week. Well done!

Whole School Attendance

This week's token winners are:

Y4 - 90 tokens

'The small school with the biggest heart'

FRIDAY 1ST JULY 3:30 - 5:00PM

OLGH SUMMER FAIR

Beat the Goalie, Hook a Duck, Toy Tombola, Tin Can Alley, Dance Performance, refreshments & so much more - lots of prizes to be won!

All proceeds to go towards 'Peacock's Picnic Place'

Bring in days...

Friday 17th June - bottles

Friday 24th June - chocolate & sweets

Donations for Summer Fair

We would be extremely grateful if you would support our preparations for the summer fair by donating the following items over the next 3 Fridays.

Bring in days:

Friday 17th June - bottles

Friday 24th June - chocolates

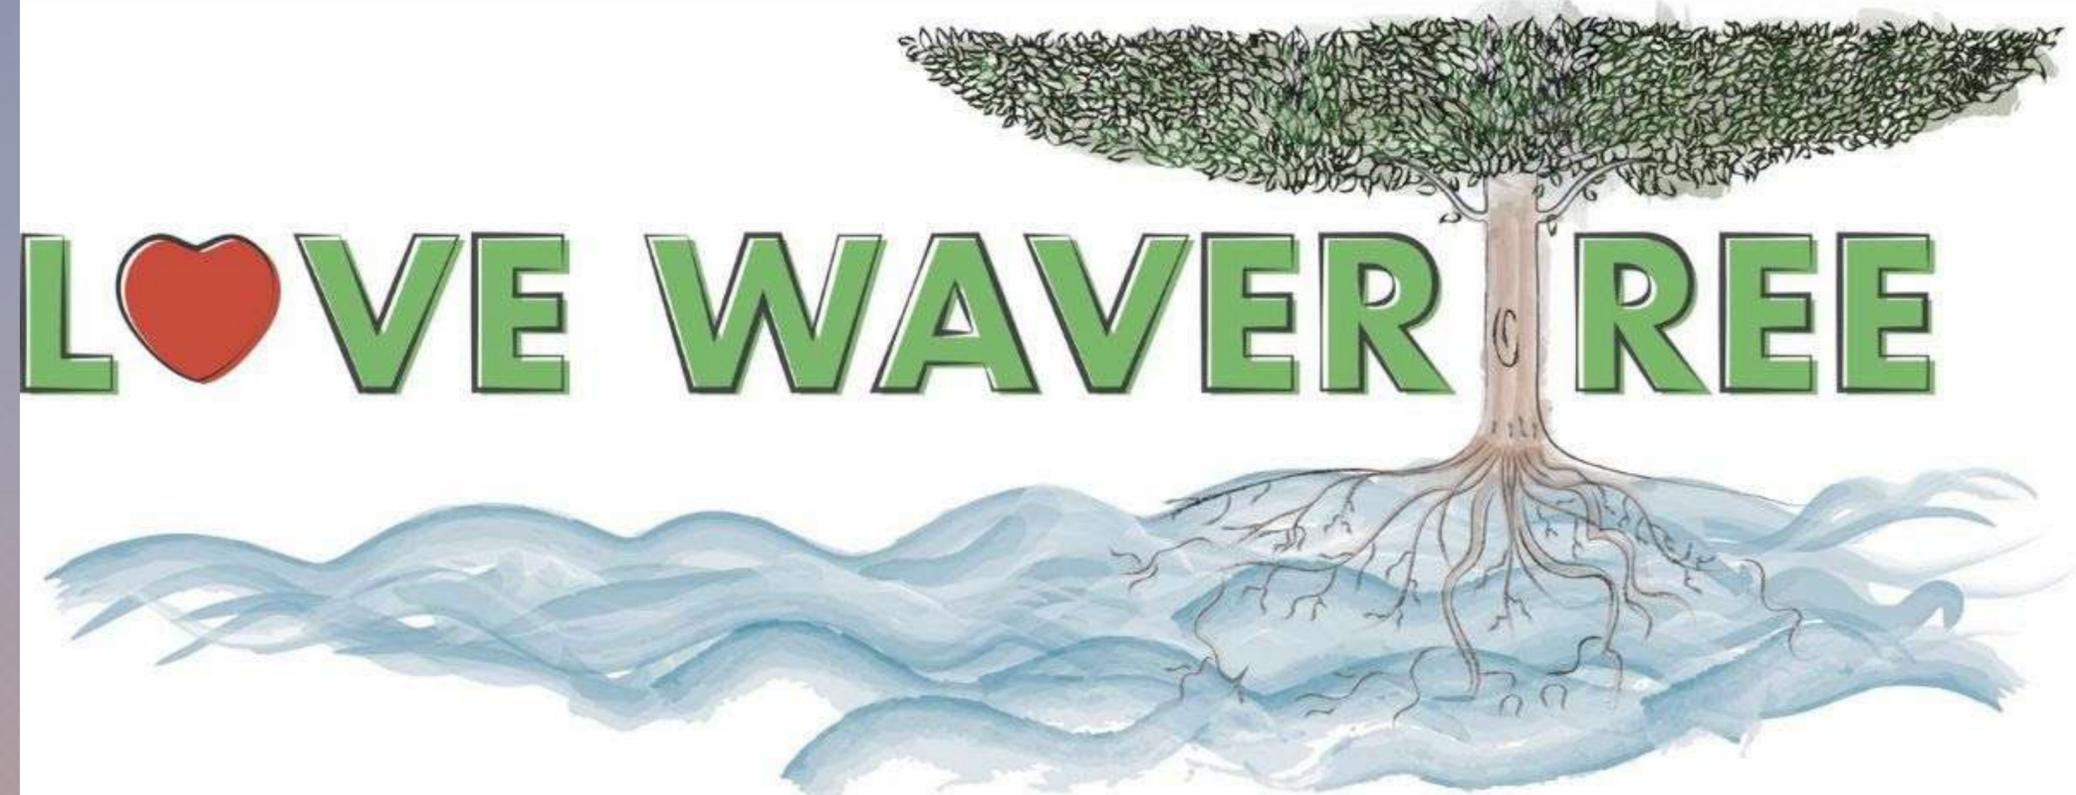

Friday 1st July - new/ nearly new toys

Also, if anyone works for or knows through family or friends of a business who would be willing to support our fair, please raise this plea with them!

If you work for Barclay's, please get in touch!

Thank you in advance for your generosity.

Love Wavertree have a campaign running at the minute to raise £1000 for English lessons for Ukranian families.

We are fortunate to have one Ukranian family in our school community and we have another one starting in September.

Please see the following link for more information:

<https://www.lovewavertree.com/community-fund>

Uniform Donations

At this time of the year, you may be clearing away clothes that no longer fit your children.

We would gratefully accept donations of any uniform items you no longer need but that is in new/ nearly new condition (including PE kits).

With the rising cost of living, it would be great if we can help our families out by passing on uniform. A range of sizes are always helpful from EYFS - Year 6.
